HILTON SANTA CLARA

SANTA CLARA, CA

BRAND – Hilton

DESIGNER/PURCHASER – Stanford Hotels

PRODUCT – Casegoods

OVERVIEW

Located in the heart of Silicon Valley near Levi's Stadium, the Hilton Santa Clara recently completed a full renovation across 280 guestrooms and suites, with a focus on modern relevance, performance, and long-term durability. Bernhardt Hospitality was selected to design and deliver a fully customized casegoods offering aligned with brand standards and ownership expectations.

CHALLENGE

The project required translating a clean, contemporary design vision into a scalable, durable solution that could perform in a high-occupancy environment. Key considerations included integrating modern in-room technology, ensuring ease of maintenance and serviceability, and delivering consistent quality across all rooms while maintaining a refined, minimalist aesthetic.

SOLUTION

Working in close coordination with ownership, brand, and design partners, we developed a comprehensive casegoods package including beds, nightstands, tables, mini bar cabinets, and vanities. Each piece was engineered to meet brand standards while optimizing function, housekeeping efficiency, and lifecycle performance. Material selections, combining stone, metal, and wood, were specified for durability, finish consistency, and long-term maintenance.
